UPCOMING EVENTS

Get ready for a fun-filled Friday at camp with two exciting themes!
Indoor campers will blast off for Out of This World Day, where costumes like astronauts and aliens take center stage. Meanwhile, outdoor campers will suit up for Superhero Day, so grab your capes and masks and get ready to show your super style.

Themes for July 28th - Aug. 1st .
Indoor: Salty vs. Fresh: Water Science Wars

Outdoor: Nature's Engineers: The Power of Beavers & Birds

AQUATARIUM

CAMP HIGHLIGHTS

We kicked off the first week of outdoor camp with an exciting adventure into wilderness skills—starting with fire building! A big thank you to Burnbrae for sponsoring this unforgettable week of exploration and discovery!

This week, campers put their creativity to the test by designing ocean cleanup tools using recycled materials! Through hands-on building and problem-solving, they discovered how small ideas can lead to big changes in protecting our rivers and oceans.

CAMPER CORNER

- Campers became greenhouse growers this week by making mini greenhouses out of paper plates! They learned how these structures help plants grow by keeping in heat and moisture.
  - Seen in photo campers showing off their greenhouses!
