CAMPER CORNER

CAMP HIGHLIGHTS

Campers had a blast learning about the phases of the moon in the tastiest way possible—using Oreo cookies! Each camper carefully twisted, carved, and arranged their cookies to represent all eight lunar phases, from new moon to full moon and everything in between.

Campers came together to show their love and respect for local waterways by taking a special River Pledge! After learning about how rivers support wildlife, plants, and people, each camper made a personal promise to help protect our rivers—from picking up litter to saving water at home.

- Campers engineered moon rovers to travel across distant lunar terrain and brought their imaginations to life by sculpting aliens from clay. With hands-on space activities and creative missions, campers had a blast discovering the wonders of our solar system!
